

Invacare eForms offer new functionality!

Invacare is pleased to offer you an upgraded solution to your ordering process. Our enhanced order forms allow you to fill out a form electronically, print and fax the form, save and email* it to Customer Service, or maintain the business practices that work for you today. The format has been revised to reveal a cleaner look with electronic selection and input functions.

*Saving and emailing the eForms is available with Acrobat Professional software

If you are using Adobe Reader

- **View** and download all forms
- **Save** blank versions of the forms to your desktop
- **Complete** forms electronically
- **Print** blank or completed forms
- **Fax** completed forms to Customer Service

Please note: The 'Email' button at the end of the form will not work with Adobe Reader. The 'Email' button will only work while using Adobe Acrobat Professional.

If you are using Adobe Acrobat Professional

- **View** and download all forms
- **Save** blank AND completed versions of the forms to maintain electronic records
- **Complete** forms electronically
- **Print** blank or completed forms
- **Fax** completed forms to Customer Service
- **Email** completed forms to Customer Service by using the 'Email' button at the end of the form.

For information on downloading Adobe Reader for free, or purchasing Adobe Acrobat Professional, please visit www.adobe.com.

TDXSPSEAT

TDX Seat Only \$755.00

TRANSPORT TIE-DOWN

☐ Clear

TRRO Transport Ready Option \$300.00

TRBKTS Wheelchair Transport Brackets \$250.00

Transport Tie Down*

TRRO includes four factory-installed transport brackets and a wheelchair anchored pelvic belt. TRRO has been crash-tested in accordance with ANSI/RESNA WC Vol 1. Section 19 Frontal Impact Test requirements for wheelchairs with a 168 lbs. crash dummy, which corresponds to a person with a weight of 114 lbs. to 209 lbs.

TRBKTS includes four factory-installed wheelchair transport brackets. TRBKTS has not been crash-tested in accordance with WC19. Use these transport brackets only to secure an unoccupied wheelchair during transport.

As of this date, the Department of Transportation has not approved any tie-down systems for transportation of a user while in a wheelchair, in a moving vehicle of any type. It is Invacare's position that users of wheelchairs should be transferred into appropriate seating in vehicles for transportation and use be made of the restraints made available by the auto industry. Invacare cannot and does not recommend any wheelchair transportation systems.

* Transport Tie-Down option is not retrofittable to existing models and is not field serviceable.

Group 3 - K0848 Basic Package
